

Meeting: February 8th, 2008

Attending:

- Andrew Harris
- Geoffrey Rogers
- Carlisle Childress
- Chris Brightly
- Bill Lemmond
- Nathaniel Schwartz

Discussion:

Discussed strategies for the rest of the semester. The plan is to have lots of workshops instead of lots of meetings. Business will be conducted by the officers unless there is a need to have a business meeting.

Andrew gave a quick update on the ACM. There will be a meeting this Wednesday. ACM is welcome to co-sponsor workshops with the LUGVCU.

Bill Lemmond would like to invite people out on Wednesday nights for tapas at Emilio's on Broad St.

Ideas for workshops are as follows:

- Carlisle & Nathaniel – February
 - Workshop on command line use
- Chris Brightly & Carlisle – February
 - Data recovery on Bill's computer, then install GNU/Linux later
- Andrew Harris' contact – February?
 - Topic on Podcasting possibly
- Adam Bell of ALB-Tech near VCU – March / April
 - Talk about his computer business
- Nathaniel Schwartz & Andrew Harris – April
 - Gaming night at Apex on Broad Street
- ? -- ?
 - Hackintosh – how to install OSX on PC hardware (possible workshop)
- Chris Brightly's dad -- ?
 - Some kind of technical topic having to do with Land America
- Dave Litton -- ?
 - Computer Audit
- Richard Stallman – March 27th (This is not an official LUG event, but may be of interest)
 - Free Software in Ethics and in Practice
- Baron Schwartz – March
 - MySQL development and use with Perl programming (TBD)
